SCREEN TIME POLICY

Maryland Child Services Inc. acknowledges that the use of computers, tablets, smart phones, apps, and other digital tools are part of our everyday lives. When used appropriately, technology can help children explore their world, express, and make sense of what they know and interact with other children. Technology tools can also assist families as they support their children's at-home learning.

The time our enrolled children will be exposed to mostly passive technology will depend on the activities programmed for that day which might include educational videos, presentations, and educational computer/tablet games with a maximum combined time of 30 minutes per week. Our systems are protected by software to control unwanted content and provide safe browsing.

By signing below, I acknowledge my understanding of the above and grant permission for my child to be exposed and use technology/screens at Maryland Child Services.

Child's Name: _____

Parent/Guardian Signature: _____ **Date:** _____
